Now with 50% better grammar!

I haven't seen this thread up on TAG yet... former AJ members will be familiar with it.

Right now I'm listening to "Something I Can Never Have" by Nine Inch Nails. Great song from a great album.

I'll second Zoyd's approval of Midnight Rider. As for Nevis' audiobook, I like audiobooks, but I can't listen and read at the same time. Generally like listening to them when I'm doing manual labor.

It's worth a listen and getting better every week, IMO. They talk about any recent gaming news that has been on the site and discuss 2-3 of the threads and provide input. They pimp the gaming nights and announce the contest winners. It's focused on what's happened the past week at TAG, with editorial comments.

That's a great song. I love The Doors.

Trivia: originally, Apocalypse Now was supposed to be scored entirely to songs by The Doors. Apparently, Jim Morrison and Francis Ford Coppola went to school together. It didn't work out (obviously) and they ended up only using The End for the opening scenes.

Free downloads of the CD (and MP3) bonus tracks for the every other month journal are free downloads ([click here](#)) and part of the interview with Glyer is one of the bonus tracks. Also, Mars Hill Audio does a very irregular podcast called "Audition" that can be downloaded through iTunes (don't know about Zune) or [here](#). The last one was on Philip Pulman.

However, the audio journal is for fee (not free) and covers science, art, politics, history, and more. Ken Myers was with NPR for a time and the journal has an "All Things Considered" feel to it. Also, in the spirit of full disclosure, it does have some specific aims which are described [here](#). With that disclosure, I think there's value for those who are not Christians and want to thoughtfully engage modern culture.

KMFDM-Intro

Welcome back, here we go again
A beautiful girl and some dirty old men
Before we continue the task at hand
Let's go ahead and introduce the band

From the land of volcanoes
The lovely Lucia
Her voice will fill you with wonder and fear
She screams like a banshee and she moves like a cat
I could tell you much more but let's leave it at that

The Lord of Lard
The mighty swine
He loves manchego and a bottle of wine
Also known as Raymond Watts
He screams out his lungs while his brain slowly rots

The one and only, the great Steve White
His morals are loose but his shirts are tight
Challenged by few and rivaled by none
He's a low down dirty son of a gun

This is the biscuits crux
Solid rock against the flux
Ultra heavy beat deluxe
KMFDM forever sucks

Here's your voice from the underground

Get ready for another round
Nothing new, it's the same old shit
If it works this good why fuck with it?

Andy Selway, the master of skins
Frequently found screwing chicks behind bins
His hobbies include but are not limited to
Things you and I would rather not do

And here we have Jules, the king of guitar
He's only at home when he's inside a bar
Rings and spikes and chains and tattoos
He breeds new life forms inside his shoes

This is the biscuits crux
Solid rock against the flux
Ultra heavy beat deluxe
KMFDM forever sucks

Here's your voice from the underground
Get ready for another round
Nothing new, it's the same old shit
If it works this good why fuck with it?

I am Kap'n K, the korrupter of youth
My word is gospel of the honest truth
I am the father of industrial rock
And if you don't believe me you can suck my glock

KMFDM-Son Of A Gun
Shockwave
Massive attack
Atomic blast
Son of a gun is back

Apocalypse now
Walls of flame
Billowing smoke
Who's to blame?
Forged from steel
Iron will
Shit for brains
Born to kill

Watch out
Son of a gun
Superhero #1
Watch out
Son of a gun
Superhero #1

Chaos, panic
No resistance
Detonations
In a distance

Apocalypse now
Walls of flame
Billowing smoke
Who's to blame?
Forged from steel
Iron will
Shit for brains
Born to kill

Watch out
Son of a gun
Superhero #1
Watch out
Son of a gun
Superhero #1

Watch out
Son of a gun
Superhero #1
Watch out
Son of a gun
Superhero #1

All are equal
No discrimination
Son of a gun
A simple equation
Son of a gun
The master of fate
Bows to no God
Kingdom or state

Watch out
Son of a gun
Superhero #1
Watch out
Son of a gun
Superhero #1

Watch out
Son of a gun
Superhero #1

I miss Steve and his sarcastic wit. I wish he was still releasing new material. My favorite line from the song: "It had a face like the face of Robert Tilton, without the horns." An claymation video was made for the song and is available on YouTube.

A live performance video for the song is available on YouTube. Not as "trippy" as claymation (glad you liked the Cash Cow video Zoyd), but a wonderful sparse version of the song.

PS: if there are any Knopfler/Dire Straits fans out there and you've not heard Boom Like That (a musical re-telling of the Ray Kroc/McDonald's story), it's recommended.

Oh man, I completely forgot to mention I saw one of the best shows of my life Wednesday night here in St. Louis. Radiohead put on an outstanding musical performance with a kick-ass light/video show. Wow, I got invited to go at the last minute and had no idea what I was getting into. I listen to their music, but was never a "huge" fan. I've always really enjoyed their stuff, especially hearing them in several movies. But, WOW :woohoo: what a show. I highly recommend to anyone on or near their tour list. But it looks like they are getting ready for an overseas tour, so you'll have to wait until at least the end of the summer.
