Can I get an amen for everyone that misses this show? Carlos Mencia... as much as Comedy Central tries to use him to replace DC... It just doesn't work... I'm Wayne Brady B\*\*\*\*!

Well everyone has their opinion. But you are definitely in the minority... I've never really heard anyone down Chapelle.

Amen Brother!

That Wayne Brady skit was one of the funniest things ever! And his Rick James skits were great too.

Did you ever see Half Baked? Funny movie!

I'd submit to you that the Samuel Jackson beer commercial is a RIOT!

"YES they deserved to die, and I hope the burn in hell!"

CUL-ASS-ICK!

Chappelle is a comical genius!

BUT!

I have purchased tickets to two of his live shows. The first tickets were \$50 a piece. I purchased two and he no showed. Lost money.

Second show tickets were \$100 a piece. I purchased two and Dave sat on stag drinking and until he said, "All I have to do is sit her and drink and I still get paid". People started hackeling him, and all he would do is say, "Yeah, your momma!".

A total of \$300 wasted on a POS. I still think he is halarious on tv, but I will never go, even for free, to see him again.

Both shows were scheduled at the Comedy Zone in Charlotte, NC. Plus, Chappelle was going to party at Time Lounge (connected to Comedy Zone), so Time said they were having the official after party. Chappelle sued the bar, because he ever stated it was "official". Sad that someone so funny can be that shi\*\*y of a person.

you only have to go back and watch Chapelle show to know how bad the crap they have on there is now. there is a hell of a lot of difference between someone like Chapelle was great, and someone like Mencia who thinks he's a lot better than he actually is.

lol no one will ever replace Dave Chappelle. In my opinion he's the funniest comedian living, I wish he'd come back. Every once in a while I find myself watching either my season one or two dvd's... ahh the good 'ol days.

Nobody can replace Chappelle. His Rick James, Clayton Bigsby, Samuel Jackson (downloaded it on the marketplace) and the Law and Order ones are off the wall. Remember last year when he did the 'Lost Episodes'? Those weren't very funny.

Carlos Mencia is not even Mexican to top it all off. That is not his real name either.
