\_\_\_\_\_ or \_\_\_\_\_?

Posted by mankatoman22 - 2008/01/23 16:37

---

Here's an idea I had, not sure if people will enjoy it or not, but it is a way of learning about other people.

Rules:

I post a question. Example...Pepsi or Coke? The next person to post answers which they like better and then ask a question that can be anything, absolutely anything. Here is an example...

mankatoman22: Xbox 360 or PS3

-----  
John Doe: Xbox...  
House or Apartment?

-----  
Jane Doe: House...  
Trees or flower?

Etc...

So, I'll start it off with this question...
